EDUCATION

Bachelor of Cybersecurity and Digital Forensics Imam Abdulrahman Bin Faisal University

Aug 2021 – Jun 2026

- **Digital Forensics Techniques and Tools** (FTK Imager, ProDiscover, Autopsy, OS Forensics, and Volatility).
- **Communication and Network Fundamentals** (Covers CCNA topics).

GPA: 4.4

Cyber Security Bootcamp National Cybersecurity Authority

Jun 2024 – Jul 2024 | Riyadh

Completed courses in Network+ (networking fundamentals), Security+ (cybersecurity principles), and Practical Ethical Hacking, gaining hands-on experience in network security, vulnerability assessment, and penetration testing

PROFESSIONAL EXPERIENCE

Cybernai By Aramco Digital Vulnerability Assessment and Penetration Testing

Jun 2025 – Aug 2025 | Dhahran

Conducted vulnerability assessments using Nessus, performed network penetration testing (enumeration, exploitation, privilege escalation), and executed black-box web application penetration tests to identify critical issues. Produced detailed executive and technical reports with remediation strategies, enhancing client security posture.

Light Penetration Tester

Aug 2024 – Dec 2024 | Riyadh

Identified and exploited vulnerabilities in APIs, including login bypass techniques, demonstrating advanced security analysis skills and improving system robustness.

PROJECTS

RASD - AI-Based Insider Threat Detection System

- Built a real-time insider threat detection system for Zero Trust cloud environments using Python and AWS.
- Designed a two agent AI architecture: Agent 1 (offline Autoencoder that learns per-user behavioral baselines) and Agent 2 (online XGBoost classifier that scores live events in real time)
- Implemented automatic IAM enforcement across 4 Zero Trust tiers (allow, MFA, deny, session revoke)

CTF Competition

Led a team to design and develop Capture the Flag (CTF) challenges, including forensics, cryptography, and reverse engineering.

CERTIFICATES

- CompTIA Security +
- Junior Penetration Testing(PT1) Tryhackme
- INE Web Penetration Tester eXtreme(eWPTXv2) Certification
- INE Web Penetration Tester(eWPTv2) Certification
- OSCP(course)

AWARDS

Tuwaiq CTF (33 Place)

Aug 2025

Participated in Capture the Flag (CTF) competitions, solving challenges in Forensics, Web Security, Cryptography, and Linux command-line.

IAU CTF (1st Place)

Feb 2024

Participated in Capture the Flag (CTF) competitions, solving challenges in Forensics, Web Security, Cryptography, and Reverse Engineering.

IAU CPC (3rd Place)

Oct 2023

Show case Algorithmic problem solving skills

VOLUNTEER

Leader of Competitions Committee at the Cybersecurity Club

Nov 2025 – Jul 2026 | Dammam

Led the planning and execution of various cybersecurity events and competitions, including multiple Capture The Flag (CTF) challenges, enhancing participants' technical and problem-solving skills.

Ertiqaa Programming Mentor

May 2023 | Dammam

Tutored underprivileged children mobile application development for a Silicon Valley Programming Competiton.
